
30. SPRINT VOICE VPN SOLUTIONS**1. Description**

Sprint Voice VPN SolutionsSM is a flat rated service with a single rate for each jurisdiction and service, for a given term and hierarchy minimum annual commitment level ("MAC"). Rates are also differentiated by how the call is placed on the Sprint intelligent network via On-Net to On-Net, On-Net to Off-Net, Off-Net to On-Net, and Off-Net to Off-Net call types. The services available under Sprint Voice VPN Solutions include outbound voice, toll-free, FONCARD, and switched data services. Sprint Voice VPN Solutions service offerings include interstate and international outbound FONCARD, Sprint International Access, switched data services, interstate toll free, and International Toll-Free Service. Certain Sprint data services contribute to the Sprint Voice VPN Solutions customer's MAC. Sprint Voice VPN Solutions customers cannot subscribe to Sprint Clarity, The Most for Business, Business Sense, Sprint Real Solutions Option A, Sprint Real Solutions Annual, Real Solutions Annual II, Business Flex, Sprint Premiere or Real Solutions VPN services. The customer will award Sprint not less than 100% of its and its affiliates' long distance communications service. Affiliates are those locations for which a customer either purchases, controls or directs the purchases of long distance telecommunications service on the agreement's effective date. The calculation above does not include: any binding commitments that customer or its affiliates have with another long distance carrier on the agreement's effective date; or (ii) service that is routed to another carrier, but only during the period of any Sprint Service outage.

2. Access Options

Sprint Voice VPN Solutions offers switched and dedicated access options as described in Section 3.1.2 of [Business Communications and Miscellaneous Services](#).

Local Access Facilities components and rates are found in Schedule 8, Section 3.1 of [Service Components and Rates](#).

3. Billing Increments

The following calls are billed in six-second increments with an 18-second minimum for domestic and a 30-second minimum for international calls:

- Outbound, FONCARD and Voice FONCARD calls
- Toll free calls

The following calls are billed in six-second increments with an 18-second minimum for domestic and a 30-second minimum for international calls:

- Outbound, FONCARD, and Voice FONCARD calls
- International Toll Free Service

4. Minimum Annual Commitment Levels

The customer must commit to one of the following minimum annual commitment (MAC) levels in order to subscribe to Sprint Voice VPN Solutions. Sprint Voice VPN Solutions is available on a one-year, two-year or three-year term basis. Contributory usage charges (calculated prior to the application of discounts) are aggregated across toll free, switched data services (inbound and outbound), outbound, Sprint International Access, FONCARD (including surcharges), and Operator Services, including all calling options, all locations, and all jurisdictions (intrastate, interstate, and international) in order to meet the MAC level. In addition, customer's total monthly circuit charges for the interexchange portion of customer's domestic Clearline private line circuits (other than Clearline 45), calculated after all available discounts have been applied, and customer's monthly charges for Sprint Frame Relay (access channels and PVC's only), Sprint Enhanced Frame Relay (access channels and PVC's only), Sprint X.25 Services, Sprint IP Services, Sprint IP Web Hosting Services, Access Coordination Fee (dedicated access only), Central Office Connection (dedicated access only), Local T-1 Access Facility Charges, all calculated after all available discounts have been applied, shall be contributory towards the MAC level. All monthly recurring charges also contribute to the MAC level. Directory Assistance and any other access charges (including, but not limited to, Carrier Universal Service Charges and Presubscribed Line Charges) not specified above are not contributory to meeting the MAC level.

A customer may cancel (or terminate) a term plan agreement without liability as long as the customer signs up for a new term plan agreement which is the same or greater in length and the customer commits to an equal or greater MAC level.

Minimum Annual Commitment Levels (per year) are: 1) \$120,000; 2) \$180,000; 3) \$300,000; 4) \$540,000; 5) \$780,000; 6) \$960,000; 7) \$1,200,000; 8) \$1,500,000 or 9) 1,800,000.

5. Termination Liability

Sprint Voice VPN Solutions customers terminating all Sprint Voice VPN Solutions services prior to fulfilling their term commitment will be assessed a termination liability in an amount equal to the underutilized portion of the MAC plus the full MAC for any remaining 12 month periods in their term plan agreement. The termination liability will be billed in one lump sum. Customers will not incur this termination liability for their former term plan commitment if they request a new MAC equal to or greater than the previous level and agree to sign a new term plan agreement for a period equal to or greater than the term of their current plan. They will, however, be assessed the termination liability if they terminate all Sprint Voice VPN Solutions services prior to fulfilling their new term commitments.

A term plan will automatically renew for an equivalent term and MAC level unless the customer provides written notification to cancel the plan, with such notification being received by Sprint not less than 45 days prior to the expiration of the term.

10. Toll Free Access to Do Not Call (DNC) Services*

DNC Service will be provided through Sprint's Interactive Toll Free platform. Sprint will assign a unique 800 number for each customer site designated by customer. Sprint will also assign personal identification numbers (PIN)s which are used to access the DNC database through the interactive platform. A customer will access the DNC database by dialing the Interactive Toll Free number along with the PIN. A dialed number, intended for call completion, is entered and directed to the DNC database. If the called number is in the database, the call will not be completed. If the number is not in the database, Sprint will complete the call. The rate for this service is found in Section 33.9.1 of this schedule.

* Effective May 6, 2005, this service is no longer available to new customers.
