

SPRINT REWARDS® PROGRAM¹
(No Longer Offered)

Description

The Sprint Rewards Program is a customer benefit program available to enrolled residential customers based on customer monthly residential long-distance usage. Members of the Sprint Rewards Program will earn reward points for every dollar of Sprint qualifying charges, which can be redeemed as described herein.

Points

Members are rewarded 20 points for every dollar of Sprint qualifying charges from qualifying services reflected on a monthly invoice. Qualifying charges are defined as all monthly recurring charges, usage charges and service charges. Qualifying services include all residential long distance Dial-1, toll free, collect, and Sprint FONCARD usage, net of all applicable credits and discounts. Qualifying charges do not include taxes, surcharges, operator service, Carrier Line charges, Universal Service charges, or equipment charges.

Qualifying Sprint charges will be rounded up to the next whole dollar when the total monthly charges include a fractional dollar of \$0.50 or more, and will be rounded down to the next whole dollar when the monthly charge includes a fractional dollar of \$0.49 or less.

- Members will begin earning points beginning with the first full billing cycle following enrollment. In addition,
- Members will receive 2,000 points upon enrollment.
- Once a member has redeemed its rewards points for the first time, member will receive 2,000 points.
- Members automatically will receive a one time bonus of 10,000 points after 12 months in the program.
- Certain members of other Sprint programs who exceed the \$50 or more threshold may be eligible to receive 1500 bonus points on a quarterly basis while members of this program.

Certain members of other Sprint programs who are members of the Sprint Rewards Program and who have more than one qualifying service may be eligible to receive 1000 bonus points, per qualifying service, per quarter, on a maximum of five qualifying services while members of this program.

Redemption

To redeem points earned, the member's account must be open and in good credit standing. Members can redeem points for various different Sprint services or vendor services/offers as described in the Sprint Rewards Program membership literature. However, a member who subscribes to a Sprint Complete Sense product may not apply points to their Sprint Complete Sense service. Unless otherwise stated herein, points are valid for the life of the member's participation in the program. Members begin earning points once their enrollment has been processed but may not redeem points until the member has been in the Sprint Rewards Program for at least 60 consecutive days. If the member's Sprint account is not in good credit standing and is canceled or disconnected, all points earned, including bonus points, on that account are automatically and immediately forfeited. As of July 6, 2005, the Sprint Rewards Program will be terminated. However, members having at least 3,000 Sprint Rewards points and whose Sprint account is in good credit standing, will be able to redeem their eligible reward points through November 3, 2005. Any points not redeemed by November 3, 2005 will be forfeited.

Issued: June 17, 2005

Effective: July 6, 2005

SPRINT REWARDS® PROGRAM
(Continued)

- Sprint Rewards membership is available only to Sprint residential long-distance service customers who maintain a consecutive three month long-distance billing average of \$50 or more of Sprint qualifying usage from qualifying services and who (1) are contacted by Sprint, (2) receive marketing material pertaining to this plan, or (3) contact Sprint to enroll in this program. If a customer's consecutive three month billing average falls below \$50, Sprint may terminate the customer's participation in the program and all points are forfeited.
- The program is not available to Sprint employees, business accounts, or to any Sprint customer presently enrolled in the Cool Rewards, Airline Partnership or Cash Back programs.

Issued: June 11, 2004

Effective: June 11, 2004
