Dear Payphone Service Provider:

Your dial around compensation check and accompanying statement and/or diskette reflecting local dial around compensation for your pay telephones within the Sprint Local serving territories have been mailed to you. These funds are being paid to satisfy all due amounts for per call compensation, at the rate of \$.494 from October 1, 2004 through December 31, 2004.

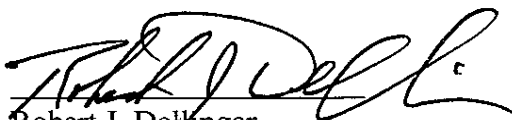

Sprint's CFO fourth quarter certification will be posted to Sprint's local website at [sprint.com/localwholesale](http://sprint.com/localwholesale) under the payphone announcement section. This meets the requirement of the FCC Docket 03-235, Report and Order released October 3, 2003.

Please note that the funds provided are from Sprint operating as your **Local Exchange Carrier (LEC)** for **local or intraLATA toll traffic**, and not as Sprint, the long distance carrier. Per call compensation from the long distance operations of Sprint has been provided via a completely separate mechanism from that business entity.

If you have any questions regarding this information, please contact Valerie Wright at 913-315-9075.
